INDUSTRY AND SPECIALIZED INTELLIGENCE SECURITY EXPERTISE YOU ACQUIRED SERVING SERVED IN THE POSITION DESCRIBED QUESTIONS AND/OR

Most recently, I have represented the Fourth District of Kansas for six years as a member of the U.S. House of Representatives, including four years of service on the House Permanent Select Committee on Intelligence (HPSCI) and its Central Intelligence Subcommittee and National Security Agency and Cybersecurity Subcommittee. My work as member of HPSCI has included extensive work related to the operations of the elements of the United States Intelligence Community (IC), legislation related to the IC and related matters. As an HPSCI member, I regularly receive intelligence briefings covering a wide variety of national security topics and hold frequent discussions with members of the IC to explore significant topics in depth. My duties involve worldwide travel to meet members of the IC to review national security activities and to address the challenges faced by members of the field.

Previously, I served as an Armor Officer for five years in the United States Army. My tour of duty included service in the Second Armored Cavalry as a small unit leader tasked with understanding threat intelligence to assist in battlefield defense and preparation to defeat Soviet aggression along the then-East German and Czechoslovakian border. I graduated from the United States Military Academy at West Point, where I received an extensive background on national security topics.

After leaving the military, I joined the Chief Executive Officer of an aerospace and defense manufacturing company to manage components for military and commercial aircraft. As CEO, I gained experience as a leader of an organization charged with delivering products for military support and managing an organization's budgets to ensure fulfillment of the company's commitments.

PART G - ADDITIONAL INFORMATION

48. DESCRIBE IN YOUR OWN WORDS THE CONCEPT OF CONGRESSIONAL OVERSIGHT OF INTELLIGENCE ACTIVITIES. IN PARTICULAR, CHARACTERIZE WHAT YOU BELIEVE TO BE THE OBLIGATIONS OF THE DIRECTOR OF THE CENTRAL INTELLIGENCE AGENCY AND THE INTELLIGENCE COMMITTEES OF THE CONGRESS RESPECTIVELY IN THE OVERSIGHT PROCESS.

The Director of Central Intelligence Agency is required by law to keep the intelligence committees of the Congress fully and currently informed of intelligence activities. As a member of Congress currently serving on the House Permanent Select Committee on Intelligence (HPSCI), I understand the importance of congressional oversight and the intelligence committees' need for information to enable the committees to perform their critical oversight function. As many of the intelligence activities are highly classified in order to protect national security, congressional oversight plays an important role in our representative democracy by ensuring there is oversight of these activities.

Furnishing information about intelligence activities to the intelligence committees of the Congress enables the committees to consider necessary legislation, provide the necessary levels of resources for intelligence activities, and assess the effectiveness of the intelligence activities. In this regard, the CIA plays a critical role in furnishing the intelligence committees with analysis that assists the committees in understanding world events and in taking legislative action. I understand that without timely and complete information, congressional oversight is made more difficult, the CIA's relationship with Congress and ultimately mission effectiveness in the long term is compromised, and I am committed to ensuring that the CIA understands the importance of congressional oversight and furnishing complete and timely information to the intelligence committees of the Congress.

49. EXPLAIN YOUR UNDERSTANDING OF THE RESPONSIBILITIES OF THE DIRECTOR OF THE CENTRAL INTELLIGENCE AGENCY.

As set forth in the National Security Act of 1949 and Executive Order 11652, the Director is the head of the Central Intelligence Agency and responsible for all of its functions and operations. The Director is responsible for collecting intelligence through human sources and other appropriate methods. The Director also provides
